HEADQ'RS 2D MILITARY DISTRICT,
CHARLESTON, S. C., Dec. 31, 1867.

GENERAL ORDERS, No. 164.

I. Paragraph II of General Orders No. 10, from the Headquarters of the Second Military District, dated April 11, 1867, is modified as follows:

SUITS FOR DEBTS.

Judgments or decrees for the payment of money on causes of action arising in North Carolina between the 20th of May, 1861, and the 20th day of April, 1865, and in South Carolina between the 19th day of December, 1860, and the 29th day of April, 1865, shall not be enforced, by execution, against the person or property of the defendant. Proceedings for such causes of action now pending shall be stayed, and no suit or process shall be instituted or commenced on such causes of action until after the civil government of the respective States shall be established, in accordance with the laws of the United States.

Paragraph III of the same order is modified as follows:

EXECUTIONS.

Sheriffs, coroners and constables are hereby directed to suspend the sale of all property upon execution, or process under any judgment or decree of a court of the so-called Confederate States, or of the State of North Carolina, rendered between the 20th day of May, 1861, and the organization of the provisional government of said State, under the President's proclamation of the 29th day of April, 1865, or the State of South Carolina, rendered between the 19th day of December, 1860, and the organization of the provisional government of the said State, under the President's proclamation of the 30th day of June, 1865, unless the written consent of the defendant be entered on record, and except in cases where the plaintiff or his attorney upon oath, supported by corroborative testimony, shall allege that the defendant is disposing of, removing, or about to remove, his property beyond the jurisdiction of the court, with intent to defraud his creditors: *Provided*, that no such judgment, so rendered, within the periods aforesaid, shall be a bar to the commencement, in a State court, of a new suit upon the same cause of action in any case in which, by law, the defendant may remove or appeal the same to a court of the United States.

FORECLOSURE OF MORTGAGES.

The sale of real or personal property, by foreclosure of mortgage, is likewise suspended in the cases embraced in paragraphs II and III, of said order No. 10 as above amended, except in cases where interest money accruing subsequent to the 29th of April, 1865, shall not have been paid before the day of sale, and all previous restrictions on such sales are revoked.

Paragraph IV of the same order is modified by substituting the 29th day of April, 1865, for the 19th day of May 1865.

Paragraph V of the same order is modified as follows:

SUITS ON NEGRO DEBTS,

All proceedings for the recovery of money on contracts, whether under seal or by parol, the consideration of which was the purchase of slaves made subsequent to the 1st day of January, 1863, are suspended.—Judgment or decrees entered for such causes of action shall not be enforced.

Paragraph VII of the same order is modified as follows:

HOMESTEADS.

In all sales of property under execution or by order of any court, there shall be reserved out of the property of any defendant who has a family dependent upon his or her labor, a dwelling house and appurtenances, and (if in the country) twenty acres of land, or so much thereof that the whole shall not exceed in value the sum of two thousand dollars; and in a town or city, the immediate lot upon which such dwelling house is situated; and necessary articles of furniture, apparel, subsistence and implements of husbandry, trade, or other employment, to the value of five hundred dollars. The homestead exemption shall inure only to the benefit of families. In other cases the exemption shall extend only to clothing and implements of trade or employment usually followed by the defendant, of the value of two hundred dollars. The exemptions hereby made shall not be waived or defeated by the act of any defendant, who has a family dependent upon him or her support, and the exempted property shall be ascertained and defined by the sheriff or other officer enforcing the execution, who shall call to his aid two impartial citizens to make the necessary appraisement, and shall make report thereof to the court.

ARREST FOR FRAUDULENT DEBTS.

Paragraph X is hereby modified so as to authorize arrest in civil actions *ex contractu* only in cases where the demand is past due, and the defendant has been guilty of fraud in contracting the debt sued for, or has removed or disposed of his property, or is about to do so, with intent to defraud his creditors, or is about to leave the State with such intent.

EXECUTORS AND TRUSTEES.

Paragraph XIV is amended by adding thereto: All proceedings in any court of North Carolina, or of South Carolina, recognizing or sanctioning the investment of the funds of minor heirs, or of females, or of insane persons, in the securities of the late rebel government or the securities of the States of North Carolina or South Carolina, created for the purpose of carrying on the war against the government of the United States, will be suspended until the question of the validity of such investments shall have been determined by the courts of the United States, or by national legislation. And nothing in the provisions of this order, or of the order No. 10 above cited, shall be held to bar or hinder the recovery, by suit, of the estate of any minor heir, female, or insane person, (*cestuique trust*) whether in the hands of executors, administrators, trustees, guardians, masters or clerks of equity courts, and other fiduciary agents, or invested by them in their fiduciary character.

DISTILLERIES.

II. General Orders No. 25, of May 20, 1867, is revoked; and on and after the first day of January, 1868, the distillation of spirituous liquors in this Military District will be subject to such restrictions only as are imposed by the laws of the United States and of the States of North and South Carolina, respectively.

BAR ROOMS.

III. Paragraphs VI and VII of General Orders No. 32, dated May 30, 1866, are revoked, and the power to grant licenses for the sale of spiritous or intoxicating liquors is remitted to the proper local authorities, to take effect on and after the first day of January, 1868, and to be subject to the following conditions:

1. The municipal authorities granting the license shall be answerable that the parties to whom such licenses are granted, together with their sureties, shall be responsible persons, and of good moral standing in the community, and that both principal and sureties shall be able to qualify individually in double the amount of the bond required, and that the bond shall be a lien upon the personal property of both principal and sureties, and upon proof of default shall warrant the summary seizure and sale of so much of the property of either or both as may be necessary to satisfy the forfeiture or fine and cost.

2. Drunkenness and disorderly conduct on the premises shall work the forfeiture of the license and of the penalty of the bond.

3. The owner or keeper of any bar room, saloon or other place at which intoxicating liquors are sold, and other persons interested or connected therewith, shall be regarded as principals in any action of damages growing out of any assault, riot, affray or other disorder occurring on the premises, or directly traceable thereto.

4. All bar rooms, saloons or other places at which intoxicating liquors are sold, shall be closed on the day or days of any general or local election, and for the twelve hours next preceding the opening and next succeeding the closing of the polls at such election: and the sheriffs of the counties and districts and the chief of police of cities and towns, shall have power to direct the closing of bar rooms and other places for the sale of intoxicating liquors wherever it may be necessary in their judgement to preserve order and quiet.

5. The proceeds of all license, forfeitures and fines, under the local regulations or under the provisions of military orders, will be devoted to the support of the poor, and as soon as realized will be turned over to the commissioners or overseers of the poor of the district, county, city or town in which they accured, and the commissioners or overseers will at the end of each month report to the Provost Marshal General of the District the amount received by them during the month, specifying the names of the parties from whom it was received.

6. The penalties imposed by this order or by the local police regulations may be enforced in any civil or military court, and upon conviction the court may award to the informer a sum not exceeding fifty per cent. of the forfeiture or fine. And it is made the duty of all sheriffs, constables and coroners of counties and districts, and the police of cities and towns to be vigilant in the enforcement of the police regulations and the provisions of this order in relation to the sale of intoxicating liquors.

The provisions of this paragraph will be held to apply to such licenses granted under General Orders No. 32, to innkeepers, as remain unexpired after the 1st of January, 1868.

DISTRICT COURTS.

IV. To promote the speedy trial of prisoners confined for minor offences, and diminish the cost of their maintenance, all committing magistrates will on the 15th and last days of each month, report to the judge of their county or district court all commitments made by them during the preceeding half month, specifying the date of commitments, the names of the prisoners and the offences for which they were committed, to the end that the judges may whenever in their opinion the number of prisoners or other considerations of public interest call for it, hold special terms of their courts for the purpose of disposing of such cases. The additional expense of holding such special terms will be charged upon the State Treasury, and the accounts therefor will be audited and paid, as accounts of a similar character are now audited and paid, and if the salaries now paid the judges should be inadequate in view of the additional labor performed by them, a reasonable addition upon the proper representations through the Governor of the State, will be allowed.

PILOTAGE.

V. The pilotage regulations now existing in the State of North and South Carolina are so far modified that on and after the first day of March, 1868, all passenger steam vessels, regulated by the laws of the United States, and carrying a pilot commissioned by the United States Commissioners, shall be exempt from the compulsory payment of pilotage.

NORTH CAROLINA POLL TAX.

VI. So much of the act of the General Assembly of the State of North Carolina, entitled "An act to raise monies," ratified on the 26th day of February, 1867, as makes it "the duty of all persons and corporations to list and pay the (poll) tax of such persons liable to the same, as are in their employment, on the first day of April of each year, as laborers," is rescinded, and hereafter all individual taxes will be assessed directly upon and collected directly from the individuals from whom they are due; *provided*, that the provisions of this order shall not apply to the taxes for the current year, except that double poll tax shall not be enforced if the original tax be paid on or before the 31st day of March, 1868.

By command of Brevet Major General ED. R. S. CANBY:

LOUIS V. CAZIARC,
Aide-de-Camp,
Actg. Asst. Ad. Genl.

Extract from general orders No. 10, referred to in the above order of Gen. Canby:

Second. "Judgment or decrees for the payment of money on causes of action arising between the 19th of December, 1860, and the 15th of May, 1865, shall not be enforced by execution against the property or the person of the defendant. Proceedings in such causes of action now pending shall be stayed, and no suit or process shall be hereafter instituted or commenced for any such causes of action."

Third. "Sheriffs, coroners and constables are hereby directed to suspend for twelve calendar months the sale of all property upon execution of process on liabilities contracted prior to the 19th of December, 1860, unless upon the written consent of the defendants, except in cases where the plaintiff, or in his absence his agent or attorney, shall upon oath, with corroborative testimony allege or prove that the defendant is moving or intends fraudulently to remove his property beyond the territorial jurisdiction of the Court. The sale of real or personal property by foreclosure of mortgage is likewise suspended for twelve calendar months, except in cases where the payment of interest money accruing since the 15th day of May, 1865, shall not have been made before the day of sale." *Fourth.* "Judgments or decrees entered or enrolled on causes of action arising subsequent to the 15th day of May, 1865, may be endorsed by execution, against the property of the defendant, and in the application of the money arising under such executions, regard shall be had to the priority of liens, unless in cases where the good faith of any lien shall be drawn in question. In such cases the usual mode of proceeding adopted in North and South Carolina respectively to determine that question, shall be adopted.

"*Fifth*: All proceedings for the recovery of money under contracts, whether under seal or by parole, the consideration for which was the purchase of negroes, are suspended. Judgments or decrees entered or enroled for such causes of action shall not be enforced.

Seventh. In all sales of property under execution by order of any court, there shall be reserved out of the property of any defendant who has a family dependent upon his or her labor, a dwelling house and appurtenances and twenty acres of land for the use and occupation of the families of the defendant, and necessary articles of furniture, apparel, subsistence, implements of trade, husbandry or other employment of the value of $500. The homestead exemption shall inure only to the benefit of families—that is to say, parent or parents and child or children—in other cases the exemption shall extend only to clothing, implements of trade or other employment usually followed by the defendant, of the value of $100. The exemption hereby made shall not be waived or defeated by the act of the defendant. The exempted property of the defendant shall be ascertained by the Sheriff or other officer enforcing the execution, who shall specifically describe the same, and make a report thereof in each case to the Court."

"*Tenth.* In suits brought to recover debts known as actions *ex contractu*, bail, as heretofore authorized, shall not be demanded by the suitor nor taken by the sheriff or other officer serving the process: in suits for trespass, libel, wrongful conversion of property and other cases, known as actions *ex delicto* bail, as heretofore authorized, may be demanded and taken.—The prohibition of bail in cases *ex contractu* shall not extend to persons about to leave the State, but the fact of intention must be clearly established by proof."

"*Fourteenth.* The punishment of death in certain cases of burglary and larceny imposed by the existing laws of the provisional governments in this military district, is abolished. Any person convicted of burglary or of larcency, when the property stolen is of the value of $25, of assault and battery with intent to kill, or of assault with a deadly weapon, shall be deemed guilty of felony, and shall be punished by imprisonment at hard labor for a term not exceeding ten years nor less than two years, in the discretion of the court having jurisdiction thereof. Larceny, when the value thereof is less than $25, shall be punished by imprisonment at hard labor for a term not exceeding one year in the discretion of the court."

THE RECONSTRUCTION COMMITTEE

The Reconstruction Committee is composed of Messrs. Stevens, of Pennsylvania (chairman); Boutwell, of Massachusetts; Bingham, of Ohio; Farnsworth, of Illinois; Hulburd, of New York; Beaman, of Michigan; Paine, of Wisconsin, republicans; Brooks of New York, and Beck, of Kentucky democrats—seven to two.

THE CONSTITUTION—ARTICLE SECOND.

We publish to day the greater portion of Article second of the new Constitution. It introduces some important changes into our system of Government. The basis of senatorial representation is no longer to be property, but after the next national census, the State is to be divided into fifty Senatorial Districts, of equal population. For the present, and until after the publication of the census, which will be perhaps in 1871 or 1872, the Districts are laid out arbitrarily, with a view to the interests of the domonant party. Of course we can have no sympathy with a dishonest and tricky policy of gerrymandering.

We omitted to notice, in the first place, that Article Second sets out with an innovation which, while it has no earthly practical value, will grate harshly upon the minds of all true North Carolinians. We allude to the style of the lower branch of the General Assembly. The venerable name of House of Commons, which is embalmed in the hearts of the people, is to be changed to House of Representatives. This "reform" originates in a brainless love of innovation, as well as of heartless indifference to the cherished memories of the past; we are sure it could not have been brought forward by any native-born North Carolinian. Its only effect will be to add to the unpopularity of the Constitution, and to raise another obstacle to ratification; and any man who would make a creditable figure in a debating club would have known as much.

The change in the style of the Acts of the General Assembly, from the time-honored "Be it enacted," &c., to "The General Assembly of North Carolina do enact," is another silly impertinence, and is worthy of the author of the twin innovation in regard to the House of Commons.

The authorization of a decennial State census, beginning in 1875 is a good reform, and will meet with general approbation.

The sixteenth section of the second article requires that every law to raise money on the credit of the State, shall be read three several times, in each house, and pass three several readings, on three several days. The yeas and nays are to be called on the second and third readings. This is a wise precaution against running the State in debt, and will meet with general favor.

There are other innovations in the second article, of less consequence, which will be approved.

It will be seen, that in our running commentary on the Constitution, we express just what we think of its several parts. But with all its faults, we urge the people to adopt it, because it secures universal suffrage, and will thus enable them to put off the galling yoke of military rule. The faults and blemishes can be repaired in a very short time after the people are restored to the right of self government.

POSITION OF JUDGE CHASE.

In revolutionary times, the man who stands fast by principle, and refuses to sanction the latest extravagance of the tyrant leaders of faction, is sure to be denounced false and faithless. Such at length, is the fate of Chief Justice Chase. No man stood higher, six months ago, in the estimation of the Republican party than he did; and we believe that he still enjoys the confidence of all sober-minded Republicans. But his determination to stand by the laws and Constitution, and to do nothing inconsistent with his duty, as a Judge, and presiding officer of the Senate, sitting as a Court of impeachment, have wonderfully cooled the ardent admiration of such bold revolutionary leaders as Wendell Phillips. His paper, the Anti-Slavery *Standard*, charges the Chief Justice with having formed a secret coalition with the "democracy," and with aspiring to be the candidate of that party for the Presidency. Various circumstances are put together, in order to give probability to this charge. His wealthy son-in-law, Senator Sprague, we are told, has toned down Republicanism in Rhode Island to an extent that it can scarcely be distinguished from "Democracy;" while several "Democratic" newspapers and politicians have avowed a readiness to take Mr. Chase for their Presidential candidate. If it be true that the so-called Democracy have abandoned their errors so far as to be willing to support Judge Chase for the Presidency, the fact is rather creditable to them, than disparaging to him. For no man can point to a word he has uttered, or a line he has written, which is inconsistent with his career as a friend of universal liberty.

But what right has Wendell Phillips to read anybody out of the Republican party? He boasts that for nineteen years of his life he was a Disunionist, and has never lost an opportunity to express his contempt for that party—even since he professes to have renewed his allegiance. Mr. Phillips is a bold and eloquent man, and we cannot deny to him the merit of having acted throughout life with singular disinterestedness. To his everlasting honor, he spurns all base compliances for the sake of office. Indeed, he has never sought office, and has refused to have office thrust upon him. But with these great and rare virtues, his arrogance, which is imperial and his tendency to extravagant and impracticable conclusions render him an unsafe leader of the people.—Such men have their uses in the world.—They are like the fires deep down in the hull of the ship, which are necessary to generate the steam, and set the machinery in motion; but they must be held firmly in their place, or the most fearful consequences will follow. The powerful agitator has no ideas of statesmanship. It is his nature to overturn and destroy the evils and abuses of society—not to reform or to rebuild. Even Mr. Garrison is now regarded as little better than a Conservative, by his long time disciple, and follower, Phillips.

The Trenton, Tenn., *Gazette*, a Democratic paper has the following appreciation of a class of Northern papers which fatten by pandering to the passions and prejudices of the Southern people:

"We can only regard with unmitigated loathing and contempt these knaves and charlatans who hope to grow rich off the Southern people by pandering to their prejudices and hatreds. Such vile papers would make a mockery of the woes and miseries of the South, if thereby they could enrich themselves. Unprincipled, pretended friends to the Southern people have done more to bring odium upon the name than perhaps any other cause, and we will here take occasion to warn the South against the insidious approaches of that class of men. They are cancerous excrescences upon the body politic—a pestilential fungus upon the State. They would degrade the South and have her in ruins to fill their coffers with filthy lucre. And we may mention that we have but little more respect for the *La Crosse Democrat* or *Metropolitan Record*. They have no circulation North, and fatten upon the prejudices of the South, which they continually seek to keep alive by abusing the people among whom they live. We know best how to take care of the reputation of our friends, and look with suspicion upon Yankees who would be more Southern than ourselves."

This is what every thoughtful Southern man thinks of the class of Northern newspapers above described. This trade in Southern prejudices, and animosities has long flourished in New York city, and has made fortunes for a number of mercenary wretches. At length it was taken up in the West, and the notorious Brick Pomeroy boasts of having built a magnificent edifice of marble by pandering to the morbid appetite of the Southern people, for vituperation and calumny against those of the North. We now have the counterpart of these literay lepers, in the class of unwashed rebel "radicals" among us who pander to northern passions by maligning, and attempting to proscribe their former associates in rebellion for the two-fold purpose of getting rid of the pains and penalties of treason, and of getting office.

THE STATE CONDENSED.

☞ The Greensboro' *Times* says that the Rev. Mr. Fountaine entered complaint last week, that one Mrs. Pratt had forcibly taken possession of the Baptist church in this place, and was using the same as a residence. A writ of ejectment was granted, and we suppose the old lady is "out of the church" by this time.

☞ The same paper says, that Bob Modcrwell and Eli Mebane were arrested and sent to jail for robbing Mr. Farrar's jewelry store. Most of the stolen property was recovered. These freedmen are mere boys in age, but perfect adepts in stealing. Give us a chain gang.

☞ The Wilmington *Journal* learns from a member of the police force, that the wife of one of the citizens of that city, Mr. C. H. N. Cornehlsen, was assaulted at the residence of her husband, on Market, between 2nd and 3rd streets, Friday night, by some unknown colored ruffian. It appears that Mrs. Cornehlson was in a room in the residence, when the scoundrel suddenly appeared, and seizing her inflicted several bruises upon her arm. Her cries frightened the ruffian, who turned and fled. He is not known, but it is hoped that he may be found out and due punishment awarded him. Such an outrage upon the wife of a respectable citizen should meet with prompt and speedy punishment. No doubt the presence of the ruffian in this house was connected with a desire to commit theft, which in all probability, would have been perpetrated but for the presence of Mrs. Cornehelsen.

☞ His Honor, Charles F. Collier, Mayor of Petersburg, has been elected President of the Petersburg and Weldon Railroad, defeating Mr. C. O. Sanford, the old incumbent, by a few hundred votes.—*Journal.*

☞ The *Tarboro Southernor* says that on Friday while the chain-gang were at work on the river near the town, under the supervision of Messrs. H. B. Bryan and David Dixon, two of the prisoners managed to effect their escape.

Dicken's Dolby got beaten in a walking match last Saturday by a Bostonian. Dickens and his friend Fields were the umpires, Dolby and Osgood the principals. The distance to be walked was twelve miles. All four of the men walked out together. Osgood won by seven minutes, making his twelve miles in two hours and forty-eight minutes.

The Chicago *Journal* is undergoing a suit for damages, instituted by Prof. Fowler, of Hillsdale College, Mich.

The ground for the Lincoln monument, in front of the City Hall at Washington, was broken on Saturday.

While the English Government has adjourned to the next Parliament its plans of church, land, and educational reform in Ireland, the Secretary for Ireland yesterday brought in a bill for reform of Irish representation. The bill reduces household suffrage in cities from £10 to £5, but leaves the county franchise unaltered.—*N. Y. Tribune.*

Stirring news is shortly expected in England from the Abyssinian expedition. Gen. Napier intends to surprise the enemy by suddenly marching upon Magdala, and thus liberating the captives. King Theodore does not show himself a formidable opponent; but whether the climate will be equally powerless to thwart the object of the expedition remains to be seen.—*Ib.*

During the consideration of the Appropriation bill in the House of Representatives yesterday Mr. Hulburd pushed through an amendment abolishing the Revenue Service pleasure boats. It directs the Secretary of the Treasury to lay up and withdraw from commission every revenue cutter on the Atlantic coast not actually needed for constant use, and specially marks those in the Bay of New York for victims.—*Ib.*

Louis Napoleon seems to have forgotten the lesson which Mexico taught him, and to be desirous to embark in another American intervention. This time it is Hayti which has excited his ambition, on the pretext that she has not paid her debt to France. Hayti is, of course, unable to cope with France; but so was Mexico; and if Napoleon is wise, he will remember in time that the influences which defeated his Mexican scheme will equally be able to resist any iniquitous designs he may have against Hayti.—*Ib.*

An Episode in Real Life.

Not far from Bradford, a flourishing village, in Northern Iowa, there lived, with his wife, a well-to-do-farmer, by the common name of Smith. They had lived happily together 18 or 20 years, and four handsome, intelligent children blessed their union. But they were not content, and eventually agreed to part, no reason being given, except that they were tired of living together. So, one bright winter morning, the husband and father bade a kind good-bye to his family, and took his leave. He went to Wisconsin engaged in the mercantile business, there, occasionally writing to his wife and children, sending them money, etc. After an absence of seven or eight months, Mrs. Smith received a letter from her absent lord, informing her that he had met an old schoolmate and intimate friend of hers, whom he liked very much, and, if she (the wife) thought best, he would marry her, return to this village, and reside near them, the better to look after her welfare and that of their children.

The wife immediately wrote, advising him to do so, and cordially inviting them to come directly to her house, and remain as long as they wished. He thanked her for the advice and accepted the invitation, saying that they were to be married the following Monday, and would start immediately, and reach home Wednesday evening. The wife made a "bride's loaf," sent invitations to all her friends in the neighborhood, and when the happy couple arrived they found a splendid entertainment and a goodly company awaiting them, and were warmly welcomed and congratulated by all. They furnished a house across the street, and live "as happy as bugs in a rug."

Every morning the father goes over, builds a fire, sweeps the floor, and puts on the kettle for Mrs. Smith No. 1. and furnishes her with money for the support of herself and family. The children call one "Mother Jane," and the other "Mother Susan," and the utmost harmony and good feeling prevails on all sides.—*St. Louis Times.*

SPECIAL NOTICES.

A FEW WORDS TO THE LADIES.

Many ladies, particularly mothers nursing, complain of a tired, listless feeling, or complete exhaustion, on arising in the morning. On the wife and mother devolves the responsibility of regulating the duties of the household. Her cares are numerous, and the mental as well as physicial powers are frequently called into requisition. She often finds her slightest occupation a weary task and existence a burden, while at the same time she has no regular disease. HOSTETTER'S STOMACH BITTERS, if resorted to at this period, will prove an unfailing remedy for this annoying lassitude. The effects of this potent agent are soon seen in the rosy cheek and elastic step of the head of the family, as with restored health and renewed spirits she takes her accustomed place in the family circle. If this friend in need be regularly used, those depressing symptoms will never be complained of, and not only would lassitude not be experienced, but many diseases following its advent be avoided. As a MEDICAL AGENT it has no equal, while its pleasing flavor and healthful effects have made it a general favorite. It is free from all properties calculated to impair the system; and its operations are at once mild, soothing and efficient. All who have used the Bitters ATTEST ITS VIRTUES and commend it to use.

"DICTIONARY OF THE BIBLE."

It contains over 1000 closely printed, double column, octavo pages, from new electrotype plates, on good paper, and is appropriately illustrated with more than 200 engravings on steel and wood, and a series of fine, authentic maps.

It comprises the Antiquities, Biography, Natural History, Topography, and is a complete Cyclopedia of the Scriptures.

It is necessary to every Bible reader, indispensable to every Minister and Sunday School Teacher, and ought to be in every family.

It is highly commended by all learned and eminent men, and by the press generally in all parts of the country, as the best book of the kind in the English language.

DO NOT BE DECEIVED!

Owing to the unprecedented popularity of this Work, a small English abridgement, in duodecimo form, of about 600 pages, has been reprinted in this country in larger type, and spread over 800 octavo pages, evidently—by making a larger book than the original—to give the impression easier that it is our edition. It has less than half the reading matter of ours, and is sold considerably higher than the English edition of the same book in this country. Some agents are endeavoring to palm off this juvenile edition for ours.

Teachers, students, retired clergymen, farmers, and energetic women find the agency for this work both pleasant and lucrative employment. Send for circulars, giving full particulars, terms, &c., to

LOCAL DEPARTMENT

THE LECTURE.—According to the announcement in Saturda'ys paper, Rev. Geo. C. Connor, of Atlanta, Ga., delivered his lecture to the children at the Baptist Church yesterday afternoon, to a full house, composed of old and young. The lecture contained much valuable information and instruction for the young and old also, and was received with marked attention. His manner of talking could not fail to please all, the children especially. His illustrations and incidents, were simple and certainly very good.

AN EXCITING DAY—AN EDITORIAL STREET FIGHT.—Yesterday was one of the most exciting days that has occurred here for several years. On our first appearance upon the streets we were accosted on every side with inquiries in regard to an effigy of Mr. Holden that had been hung the night previous. So quiet had the affair been transacted, that none knew of it until yesterday morning, when the effigy was seen dangling in the air, just above Washington's monument in the Capitol Square. Excitement ran high, and several young men were arrested on suspicion of being concerned in the transaction.

Later in the day, after the excitement following the discovery of the effigy had to some degree subsided, we were startled by a noise of an unusual character on the streets. On investigation we learned that an altercation had occurred in front of the store of Messrs. W. H. & R. S. Tucker & Co., the participants in which were Messrs. Jos. W. Holden, of the *Standard*, Wm. Hearne, late Editor of the *North Carolinian*, and Wm. Biggs, Editor of the Tarboro *Southerner*.

The rencounter originated from the publication of an editorial in the *Carolinian*, which, in very harsh terms denounced an article which appeared in the *Standard*, relative to the Confederate cemetery. The attack was made by Joseph W. Holden upon Mr. Hearne. Mr. Biggs happened to be in company with the latter and took part in the fight that ensued. Some blows were exchanged, one of which hurt Mr. Holden pretty severely. Mr. Hearne received a scratch just under the right eye, and Mr. Biggs a slight wound on the head from a blow with a cane.

[illegible] Messrs. Hearne and Biggs [illegible] the street, when [illegible] H. Ferrell appeared [illegible] with canes, Mr. Holden [illegible] Hearne if the article referred [illegible] was in reply [illegible] to it or of the article [illegible] whereupon Mr Holden proceeded to call Mr. Hearne a liar, &c., accompanied with oaths. Mr. Hearne, we learn, replied that Sunday was not the day, nor the street the place to settle such controversies, or words to that effect. Mr. Biggs concurred with Mr. Hearne. Mr. Holden then demanded of Mr. Biggs who he was. The reply was that he was a friend of Mr. Hearne. Whereupon he applied the same remarks to Mr. Biggs, who then struck Mr. Holden with his fist. The latter then closed with Mr. Biggs, and Mr. Hearne considering it his fight interposed and wrenched the stick from the hand of Mr. Holden, and dealt him a blow over the head, which ended the affray. Neither Mr. Hearne nor Mr. Biggs were armed, nor did they recognize Mr. Holden when he approached them.

It is proper that we should add that our information has been received mainly from parties who are either not very friendly to Mr. Holden, or not among his political friends and admirers. We shall cheerfully give his version of the affair whenever it appears.

P. S. Since the above was written, the trial of the parties arrested on the following statement of Mr. Joseph W. Holden, as having participated in the effigy affair, has taken place. Some fifteen witnesses were examined, but failed to give any evidence by which the guilt of the parties named might be established, and the case was dismissed without further proceedings.

The following is the statement given by Mr. Holden.

MAYOR'S OFFICE,
RALEIGH, March 23, 1868.

Information has been given to me that the parties whose names are included within the warrant, to wit: H. Bragg, C. N. McKimmon, J. Q. DeCarteret, E. E. Harris, Henry Hardie, John Thompson, E. S. Badger, did participate in hanging W. W. Holden in effigy, or did give aid or encouragement to the parties so doing. The said warrant was issued the 22d day of March, by W. D. Haywood, Mayor of the City of Raleigh, and charges upon the parties named, that they "were engaged in a riot, and affray and in publishing a libel against the public peace."

JOS. WM. HOLDEN.

Sworn to and subscribed before me this 23d day of March 1868.

W. D. HAYWOOD, Mayor.

—o—

BAD BEHAVIOR IN CHURCH.—There are some young "men" in this city who seem to have forgotten that the house of God is a temple of sanctity, and not a place built for the gathering of individuals who have nothing else to do, or who visit it for no other purpose than to pass away time. This class of young men may be made to correspond with those persons who were driven from the temple of God by our Saviour, in ancient days, for polluting that sacred place with their presence. They gathered there for a purpose, namely, to dispose of their goods, and though such an act was one to be condemned, yet they were for more laudable purposes than are those of the young men of our day who congregate at Church to be seen, and to while away the time. Those young men who acted so rudely at the Methodist Church, last night, should bear in mind that their conduct was not at all praise-worthy, and they should have some regard for pious parents if not for the Church of God. They need not expect to make themselves prominent or raise themselves in the estimation of the public, by such disrespectful conduct, and if the holy Sabbath is an occasion too much for them, it would be far more better for them to remain at home during the entire day. We do not speak of this matter with any personal feelings, but with the full conviction that it is our duty.

—o—

INTERESTING EXHIBITION.—A grand collection of beautiful paintings will be exhibited at Tucker Hall to-night. They consist of Scriptural and miscellaneous scenes, beautifully colored, and illuminated by the celebrated Drummond Light, and are nine feet in diameter. Among the collection are several amusing pictures, and altogether the exhibition is said to be one of musical interest.

Mr. Connor, who owns this collection, generally exhibits it for the benefit of an orphan school in Atlanta, Ga., but he will give half the proceeds to be expended through the Mayor and Commissioners for the education of the poor children of this city. We hope this benevolent design will secure a full house.

—o—

BUCKET COMPANY.—There will be a called meeting of the members of the Bucket Company to-morrow (Tuesday) evening at 7 o'clock. Full attendance desired.

"LAW, SAKES! NANCY!"

Said a rustic lass to a friend just arrived, "you haint no idee how tickled I be to see you!" "Guess Polly you can't be more tickleder nor I be!" was the reply.

A great tickler is the "BARLEY SHEAF" Cooking Stove, especially for those whose patience have been exhausted by the antics of ill-working Stoves, and their name is legion. With a commendable degree of enterprise, the manufacturers, Messrs. STUART, PETERSON & CO., are taking active measures for the speedy introduction of the "Barley Sheaf" into every city town and and hamlet in the United States. It is both wood and coal burner. Avoid imitations.

PROSPECTUS.

Having long felt that a necessity existed for a journal in the Southern States devoted especially to Music, the undersigned has at length determined to issue a periodical, to be called

THE SOUTHERN JOURNAL OF MUSIC.

The people of the South have always been noted for their love of the Fine Arts, as well as the culture of good taste in every household; and though the war has left but little time and less ability to pursue favorite studies, yet the old love remains, and will show itself in greater devotion than ever, as rapidly as the people can recover from the terrible results of the war. The undersigned, therefore, confidently expects his enterprise to be a popular one, while with him will rest the responsibility of making it a successful one.

It is the fixed determination to labor for the continued cultivation of good taste, by producing earnest thoughts from the best thinkers, all aimed at the one great end, of adapting High Art to the popular taste, and thus, if possible, preventing that demoralization in Music which has nearly ruined the hopes of Art in other departments.

THE SOUTHERN JOURNAL OF MUSIC will be a monthly of sixteen pages, each number containing from three to five, or more pages of good music—the music alone, if bought in the usual way, costing five or six times as much as the subscription price. Great care will be exercised in the reading matter, and the most scrupulous regard will constantly be had to the presentation of that only which tends to elevate the taste

TERMS—$1 00 PER ANNUM IN ADVANCE.

The price is fixed at such a low figure that club-rates are not admissable, but a liberal per centage will be allowed to any who will forward a list of twenty-five or more.

The first number will be issued about the first of October next, and succeeding numbers will appear regularly every month thereafter. Should the subscription list justify the expense, improvements will be made as time will show occasion; but the journal will be published whether the list will justify the improvement or not.

Music Dealers, Seminaries, and others who feel interested in such an enterprise are requested to exert their influence in favor of the Journal.

Editors who receive this prospectus and make a notice of it, stating our terms, &c., will please send copy of paper marked.

The Separation.

In youth our hearts together grew,
And life seemed Eden to our view;
But disappointment, sighs, and tears,
Were the sole fruits of after years.

The hopes that glitter'd round our way,
With rainbow colors dies away;
The feelings graven on my heart,
Though thwarted all, shall ne'er depart.

Oh! would that thee I ne'er had seen,
Or that our fate had kinder been!
Oh! would that thou, the dearest—best,
Had been by other lips caress't.

Yet know—though, ah! I need not tell—
That he who bids thee now farewell,
Hath loved with all the warmth and zeal,
That tongue can tell, or heart can feel!

That thou hast been for many a year,
Unto his soul the thing most dear:—
That thou hast been, all pure and bright,
His thought by day, his dream by night!

That my heart's summer only knew
One flower, and that of matchless hue;—
That naught, beneath the arching skies,
So won my heart, so charm'd mine eyes,

And also know—as thus I tear
Love from my heart, to leave it bare,—
Cold as the rock, where flowers ne'er smile,
And barren as a polar isle;

'Tis only that I love thee more,
And dearer for these troubles o'er,
And that I'd hold it crime to mate
Thy goodness with so dark a fate.

VALUABLE

FARM FOR SALE.

The subscriber offers for sale the valuable Farm, in CHATHAM COUNTY, N. C., containing

500 ACRES.

The farm is situated in the Southwestern portion of the county, in the midst of the best Coal and Mineral region of the State; being in one mile of the Ore Hill Iron Works, that have been successfully worked during the late war. The celebrated Mineral Springs are also about one mile distant.

The improvements consist of a large TWO STORY DWELLING, well finished and painted, KITCHEN and SERVANTS HOUSE, Large Framed BARN and STABLES, all in good order. The House is beautifully situated on an elevated position, surrounded by a large yard of about four acres, filled with forest trees, which form beautiful scenery and effectual shade. 125 acres have been in cultivation, the balance in original forest, consisting of Pine, Oak, Hickory, Dogwood, &c., &c.; 10 acres in

GOOD MEADOW,

and 50 acres more could easily be added if wished. There is a

FINE YOUNG ORCHARD

of selected fruit, just coming into bearing, consisting of Apples, Peaches, Pears, Cherries, &c. Also, an Orchard of about 8 acres of the natural fruits in full bearing, many of the varieties are equal to the grafted kind.

The Western Railroad, from Fayetteville Greensboro, (now building) 50 miles now in operation, passes near the property—the Ore Hill Depot being within a mile of the land. The cars now running within 10 miles of the farm, and the Road is expected to be finished during the next year. The Chatham Railroad, now partially graded, and the Cheraw Railroad all centering in the mineral region of Chatham county, will pass near this property. Thus making it very valuable for investment. Good Mills, Churches, School Houses, Masonic Hall, large Tanneries, &c., all within convenient distance. The subscriber being about to remove to the Eastern part of the State is unable to attend to the property and will sell on reasonable terms for cash or credit.

PHILADELPHIA ADVERTISEMENTS.

PHILADELPHIA

University of Medicine and Surgery.

Organized, 1848. Chartered by the Legislature, February 26, 1853. Amendments to Charter, February 15, 1860, and March 15, 1865.

Two full sessions of Lectures each year, commencing the first of October, and continuing until April. The Dissecting Rooms are open, and private lectures and quizzes continue during the entire year. The first session continues until Christmas, or for three months, and the second until the first of April, or three months; the two constituting one full course of lectures. Examination of candidates for graduation will occur at he end of each session.

REQUISITES FOR GRADUATION.

The requisites for graduation are three sessions of lectures, and three years only; or four sessions, including two years spent at the University.

THE SYSTEM OF MEDICINE TAUGHT.

The University is a liberal medical school, in which all branches of medicine and surgery are taught, including the preparatory studies, without regard to any sectarian views. Hence, while they deprecate the exclusiveness of Allopathy, Homœopathy, Eclecticism, Hydropathy, etc., they believe that all principles of cure and therapeutical agents should be taught in all well-regulated medical schools, and that every intelligent, honest, and thorough practitioner is entitled to all the courtesies and privileges of the profession, without regard to his peculiar notions in therapeutics.

FEES.

The fees for all branches, including all the tickets, matriculation, and dissection, are sixty dollars a session, or one hundred dollars per year. Those who purchase tickets only have to matriculate once, which makes the second session Fifty-five Dollars, including demonstrator's fees, or One Hundred and Fifteen Dollars for a full course. To aid young men of moderate means, the University has issued five hundred scholarships, which are sold to first-course students, for Seventy-five Dollars, and to second-course students and clergymen for Fifty Dollars, each constituting the holder a life member, with the perpetual privileges of the lectures, and all the teachings of the school. The only additional fees are a yearly dissecting and matriculating ticket, each of which is Five Dollars.

THE ADVANTAGES OF SCHOLARSHIPS.

The student holding a scholarship can enter the College at any time during the year, attend as long as he chooses, and re-enter the Institution as frequently as desired.

It requires no previous reading or study to enter the University on scholarships, hence all private tuition fees are saved.

Students, by holding scholarships, can prosecute other business a part of the time.

The candidate for graduation can present himself at any time, and receive his degree as soon as qualified.

In case a student should hold a scholarship and not be able to attend lectures, it can be transferred to another, thus preventing any loss.

Parents, guardians or friends of students wishing to purchase scholarships for them, a year or more before their attendance at the University, can secure them by advancing one-half the price, and paying the balance when the student enters. Physicians and benevolent men can bestow great benefit upon poor young men, by presenting them a scholarship, and thus enabling them to obtain an honorable profession.

PROSPECTUSES.

THE NEW YORK TIMES.

A POLITICAL, LITERARY AND MISCELLANEOUS NEWSPAPER.

Enlargement of the Daily, Semi-Weekly and Weekly Editions.

The NEW YORK TIMES has recently been enlarged to the size of the London *Times*, and is now one of the largest and cheapest newspapers in the world. Each number of each edition contains eight pages of seven long columns each, making *fifty-six* columns in all. It is always printed on good paper and in clear type—making it the handsomest and most legible Newspaper in the United States.

The TIMES aims, first of all, to give the earliest and most reliable *NEWS* from all sections of the United States and from all parts of the World. Its CORRESPONDENCE, Foreign and Domestic, in variety, fullness and literary interest and ability, is not surpassed by that of any other journal. In the Southern States especially, from which it has been so difficult to obtain reliable information, the TIMES has a large number of able, intelligent and candid correspondents whose reports of incidents and opinions are of great interest and value; and from every Capital in Europe it receives early and reliable intelligence.

In its EDITORIAL Department the TIMES seeks to criticize passing events of every kind with candor, intelligence and a paramount regard for the best interests of the community. It avoids always appeals to mere passion, and aims to direct and convince the judgment rather than appeal to prejudice. In politics it maintains the fundamental principles of the Union Party—seeking the Restoration of Peace and Union upon the basis of Equal Rights and universal justice, and urging always and everywhere the elevation and improvement of all classes of the community. In dealing with the South it will insist upon a just and considerate policy—demanding full and steady obedience to the Constitution and laws of the Union, ample protection for the enfranchised slaves in all their rights of life, liberty and property—the development of the material resources of the country, and the general advancement of all classes of the people in education, morality and religion. All topics, in all departments, foreign and domestic, will receive in the TIMES full and careful discussion.

In LITERARY criticism and intelligence, the TIMES will be especially full and complete. Elaborate and extended Reviews will be made of new works that may deserve them, and no pains will be spared to make this Department more than ever satisfactory.

The AGRICULTURAL, COMMERCIAL and FINANCIAL Reports of the TIMES will be prepared with quite as much care, and will be in every respect at least as full and satisfactory as those of any other paper.

Its Reports of Congressional and Legislative Proceedings, of public Documents of value of all kinds, of Proceedings in Courts, of public meetings, etc., etc., will be full and reliable.

No pains or expense will be spared to make the Times the most valuable, interesting and reliable newspaper in the United States. It has a very large corps of able and experienced writers in every department, and will add to their number, both at home and abroad, as circumstances may require.
